CONSIGNEES.

ADMIRAL ORIENTAL LINE.

The Steamship

"PRES. MOKINLEY"

having arrived from Seattle via ports, on 14th Sept. 1924, consignees are hereby notified that their cargo is being landed at their risk into the hazardous and/or extra hazardous godowns of the Hongkong and Kowloon Wharf and Godown Co., at Kowloon, & stored at consignees' risk.

Consignees of Cargo must produce an Import Permit signed by the Superintendent of Imports & Exports, Hongkong, before Bills of Lading will be countersigned.

All broken, chafed and damaged cargo is to be left in the godowns, where it will be examined at 10 a.m. on 19th Sept. 1924, by the Company's Surveyors, Messrs. Anderson and Ashe.

All claims must be presented within thirty days of the steamer's arrival here, after which they cannot be recognised. No claims will be recognised after the goods have left the godowns, and cargo undelivered on and after 22nd Sept. 1924, will be subject to rent.

No Fire Insurance whatever will be effected.

Consignees are requested to send in their Bills of Lading for countersignature immediately.

BIBLE AS TEXT BOOK.

"King Alfred's Cakes a Waste
of Time."

In a few years the Bible will be
the text-book on English in all
up-to-date schools, declared Mr.
W. Hughes Jones at the City of
London Vacation Course in
Education at the Holborn Res-
taurant recently.

"The twentieth century," he
added, "is going to see the Bible
become as great an educational

force as it has ever been in
history, if not a greater.

"The twentieth-century child
will read Genesis in order to
understand his civilisation in its
nomadic stage, and he will read
the Books of the Kings to know
it in its agricultural stage."

"The history teacher of the
future," concluded Mr. Jones,
"will not waste his time with
King Alfred's burnt cakes and
the White Ship. He will teach
the philosophy of progress, and
the book in his hand will be the
Bible."

CAMERA NEWS

POLO CAPTAIN.—This is the latest picture of Devereux Milburn, who led the American polo team in the cup matches against the English invaders at the Meadowbrook club, Long Island. Milburn is probably the greatest polo player America ever produced.

"LITTLE WILLY."—The former Crown Prince of Germany is getting to be a wizard on Berlin courts, reports say, and it is rumoured he might go in for championships.

PRINCE'S POLO PONY.—"Kitty," favourite pony of the Prince of Wales and considered the best in Britain, gets a little practice on American soil. In the saddle is Colonel T. P. Melville, player No. 1 on the British International Polo team, riding at Meadowbrook Club.

CONRAD'S FUNERAL.—Through the picturesque cemetery of Canterbury, marches the funeral cortege of Joseph Conrad, one of the greatest writers of his time. In the group following the body to the grave are scores of famed literary folk.

PRESIDENT AND SPORT.—President and Mrs. Coolidge made a tour of all public "playgrounds." He displayed unusual interest in public golf courses and learned the difference between a mashie and niblick.

U. S. POLO PLAYERS.—This is the American Polo Team that has beaten the British players in the presence of the Prince. From left to right: Devereux Milburn, back; Malcolm Stevenson, three; Tommy Hitchcock, two; and Watson Webb, one.

CHAMPIONSHIP TENNIS.—Helen Wills and Mrs. Wightman (at back) are shown during a play in the final doubles at the national tennis championship meet, Forest Hills. At the front are Miss Jessup and Miss Coys who lost to the "big two." This match was played after Miss Wills had won the national singles title.

CHINESE PIRACY.

CONFERENCE IN LONDON.

Hon. Mr. Fletcher and the Guilds.

Through the courtesy of Mr. T. T. Laurinsson, Assistant Secretary of the China Coast Officers' Guild, we are able to reprint the following from the August number of *The Dolphin*, which is the official organ of the Imperial Merchant Service Guild:

In furtherance of the efforts which have been made to combat piracy in Chinese waters, a meeting was held at Downing Street, on the 10th ult., between representatives of the Colonial Office, Foreign Office, Admiralty, Board of Trade, Government of Hongkong, and representatives of the Imperial Merchant Service Guild, Marine Engineers' Association, and the China Coast Navigating and Engineers' Officers' Guilds. There were present on this occasion:

Sir G. Grindie, K.C.M.G., C.B., and Mr. J. J. Paskin (Colonial Office).

Mr. A. G. M. Fletcher, C.M.G., C.B.E. (Assistant Colonial Secretary Hongkong).

Mr. P. Waterlow, C.B.E. (Foreign Office).

Captain W. Tomkinson, C.B.E., M.V.O., R.N., and Commander E. R. Carson, R.N. (Admiralty).

Mr. A. Hoskin and H. Leake (Mercantile Marine Department, Board of Trade).

Mr. T. W. Moore, C.B.E., F.R.G.S. (Secretary, The Imperial Merchant Service Guild).

Mr. D. Bramah C.B.E. (General Secretary Marine Engineers' Association).

Mr. J. Watson (Secretary, The Marine Engineers' Guild of China, representing also the China Coast Officers' Guild).

In opening the proceedings, Mr. Moore, Secretary of the Guild, expressed thanks of the Guilds for being given an opportunity to take advantage of Mr. Watson's presence in this country to have a talk with representatives of the Departments concerned in the matter of piracy in Chinese waters.

For convenience, certain resolutions which had been recorded in previous letters were taken as the basis of the discussion, and various matters in connection with them were made clear. Considerable attention was given to the subject of Indian guards as now provided aboard ship, and the necessity for provision of suitable patrol vessels was stressed by the representatives of the Guilds concerned. In the course of his speech, Mr. Moore read extracts from letters bearing upon the working of the existing convey system and behaviour of the Indian guards in certain cases of piracy.

The provision of wireless telegraphy in vessels traversing the danger areas was discussed at considerable length, and Sir G. Grindie read an extract from a recent dispatch in which it was stated that experiments were about to be carried out with semi-automatic wireless alarms. In this connection, Mr. Bramah gave account of some experiments with apparatus of the kind which he had recently attended.

Mr. Moore then spoke on the steps which had been taken for the insurance of the ships' personnel and it was hoped that there would be an extension of the system now in vogue.

On the important subject of immediate representation, Mr. Moore said it would give great satisfaction if the Hongkong Government would appoint somebody on which the China Coast Officers' Guilds would be represented at which any matters affecting them could be discussed with representatives of the Government and shipowners before they became acute.

Speaking on behalf of the Hongkong Government, Mr. Fletcher replied that the Government would be most willing to agree that the Officers and Engineers should be given full opportunity of being represented in connection with the consideration of a matter affecting their interests or well-being, and it was agreed that the Hongkong Government should be invited to give an assurance to this effect.

Sir G. Grindie also expressed the view that the Conference had proved a very useful purpose and expressed the hope that the representatives of the Guilds were satisfied that the Government were doing their best to deal with a very complicated and difficult matter.

Mr. Moore agreed and expressed the thanks of the Guilds for the opportunity of discussing the matter with representatives of H. M. Government.

OUR VOLUNTEERS.

WIRELESS APPARATUS FOR ENGINEER CO.

Had Major Zanetti arrived at 12.30 yesterday afternoon he would have observed "a certain liveliness" at Stonecutters, and perhaps the sound of rifle shots would have further intrigued him. But it was merely a big turnout (over fifty strong) of the Engineer Company, H. V. D. C., undergoing its annual qualification in Part I of the musketry course. This was a gratifying attendance, considering that a number of men from the Engineers were in the H. M. S. Ambrose manoeuvres. The shooting was also of a good standard.

Organised this year into field, signalling and searchlight sections the Engineer Co. is attracting men of all tastes and inclinations. Just on seventy strong, the Company still has room for a number more, and they will be welcomed at Headquarters by the R. S. M. with open arms. There is ample time yet, and to spare, to put in the number of qualifying drills for the present training season.

Of special interest to radio enthusiasts is the wireless section of the Engineer Co's signalling squad. The special set ordered some time back is due this month, and the next camp should see the apparatus installed in the field and forming a useful link with the outside world.

MOULDERS' STRIKE.

SETTLEMENT WITH CHINESE EMPLOYERS.

After having lasted for something just over three months, the strike of local moulders has been partially settled.

When the men went on strike, they demanded an increase in pay of 40 cents per day; one hour's loss work per day; double pay for all work done on Sundays; and an increase of ten cents per day in the pay of apprentices. Negotiations were started in the early days of the strike, but as the men's demands were said to be irreducible and as the employers characterised such demands as being impossible, these negotiations were broken off and for something like three months a deadlock has ensued.

Recently, however, through the medium of the Chinese Engineers' Institute, negotiations with the Chinese employers have been resumed, and a settlement was effected last evening after a protracted meeting. The moulders consented to waive their demands relating to shorter working hours, double pay for Sunday work and an increase for apprentices, the discussion centring around the question of a general wages increase. Finally, it was agreed that an increase of 20 cents per man per pay should be conceded, and this the workers decided to accept. The agreement was signed by the Guild and by all the Chinese employers.

The men in the Chinese shops are to return to work at once, although fifteen days has been allowed for the full resumption.

About 1,000 men were out on strike, and fully half of these will now return to work. So far as the European establishments are concerned no fresh negotiations have as yet taken place, but it is expected, now that a settlement has been reached with the Chinese firms, that the European employers will resume negotiations.

MACAO RACECOURSE.

OBJECTIONS BY PROPERTY OWNERS.

A Macao correspondent says it would seem that the commencement of the making of the new race track is still very far away, trouble having arisen over the resumption of the land on which it was intended to situate it.

The proposed site is in the centre of the town and not on the outskirts, and the Government is offering \$3 per metre as the resumption price. Most of the land and house owners are asking for a much higher price, some insisting that they refuse to give up their houses and part with their land for such a purpose.

One well-known family, whose garden is to be taken away as part of the race track, is said to have commenced legal proceedings to restrain the promoters of the scheme from forcibly resuming this property.

WOMAN'S FLIGHT.

FORCED TO COOK IN COURTYARD.

That her landlord, who lived next door and kept a restaurant had appropriated her kitchen for his use, had given her a stove in the yard to do her cooking on, and had unlawfully raised her rent, were the complaints of the tenant of the ground floor of 36, Woo Sung Street, Yaumatei, who, at the Summary Court this morning, claimed (1) return of rent at the rate of \$10 per month for 28 months; (2) possession of her kitchen; and (3) \$500 damages for trespass.

Mr. E. S. C. Brooks appeared on her behalf, and Mr. C. A. S. Russ defended.

Mr. Brooks said that plaintiff took possession of the floor in 1921 at a monthly rental of \$25. This was raised in April 1922 to \$35. Defendant kept a restaurant and when he found his own kitchen insufficient to cope with an enlarging business he seized plaintiff's kitchen, prevented her from entering it, and perhaps out of the kindness of his heart he allowed her to cook under a covering in the courtyard. She was provoked by the P. W. D.

Mr. Russ said that the kitchen was not included in the demise, and, even if it were, plaintiff surrendered it quite willingly. She didn't go to the police or to her Guild, but if she had any objection she would have stood in the doorway, her arms akimbo, and let them have it with her tongue. No woman in the world could resist the temptation, he said. He admitted the excess rent to the extent of \$8.50. The rest the landlord was entitled to as the rates were increased.

Mr. Brooks suggested Mr. Russ was partial to herring—he had been pulling so many red herrings into the Court. The woman had been imposed upon; the landlord showed her a plan and said that the P.W.D. had ordered it; and she was entitled to possession.

His Lordship, giving judgment, said that the very fact that the landlord provided other accommodation showed the kitchen was included in the demise. He would give possession and defendants must pay \$25 damages; she admitted herself that she had suffered little inconvenience. He reserved decision on the first point.

DAY BY DAY.

A Chinese coolie, who had a previous conviction, was sentenced to four months' hard labour by Mr. E. W. Hamilton, at the Kowloon Magistracy this morning, for unlawfully breaking into No. 491 Nathan Road yesterday afternoon and stealing a clock and a blanket.

We have received a copy of the report on the working of the Chinese Post Office for the Twelfth year of Chung-hua Min-kuo (1923). It is a very encouraging publication, showing increased transactions in practically every department, with a satisfactory state of efficiency.

A man alleged to have been entrusted with a draft for £85, (the residue of the estate of Yu Pak-yau who died in Australia), which he was to hand to the next of kin, Yu Kung, was defendant in an action to-day for the payment of the money. The only witness called was the plaintiff, who said that defendant had several times promised to pay but had not done so. The case was adjourned.

The man who adapted and supervised "The Hunckback of Notre Dame," one of the biggest pictures in the history of the screen, is now a producer in his own right. Following his signal success with the Hugo work, P.P. "Sheshan," the famous novelist, was retained at Universal City as a director. His first picture, "The Night Messenger," adapted from his own story, is showing at the world Theatre to-day. It is one of the most vivid lighting scenes ever put on the screen and is a powerful drama of human emotions and breathless suspense.

MOTOR CYCLE TRIALS.

SATURDAY'S TEST.

The day for the motor cycle trials in the New Territories on Saturday was all that could be desired and the Automobile Association members who competed spent an exceptionally pleasant afternoon.

Fifteen competitors started and of these thirteen finished the test. The humorous element was not entirely absent, for in this test, for the Harley Davidson Cup, two Harley machines entered and neither of them finished. One had the misfortune to take the Castle Peak road instead of the Tai Po road and was thus disqualified, and the other Harley had greater misfortune in getting a couple of punctures. One occurred opportunely, in that it was near the Castle Peak stop, where an hour was allowed competitors, but the other held up the machine on the journey home.

We give below the particulars of the event, but the results are not available yet. Saturday's event was the first half of the competition and the other half will take place at a later date on the Hong Kong side of the water. Mr. J. Smith of the motor cycle section of the Association was responsible for the organisation and

can be complimented on the manner in which the trial was carried out without a hitch. Mr. G. Saunders gave his services as time-keeper at both the start and finish.

and Mrs. Maurice Cario, a son.

The Telegraph.

HONGKONG, 22nd Sept., 1924.

OUR "MUL-TSAI."

Whether "mul-t'ai" can be correctly described as slaves or not, it is satisfactory to observe from the annual report of the Secretary for Chinese Affairs that their number has been very considerably reduced since the new control Ordinance has been brought into operation. We say that because the system under which these girls work smacks sufficiently of forced labour to be repugnant to British ideas regarding the liberty of the subject and freedom of contract. It would appear that in many cases the girls have been voluntarily restored to their parents or relatives by masters or mistresses who wish to avoid all contact with the law, and it is put on record that there is now a general tendency to engage servants on a wage agreement. This latter consequence is gratifying, because the underlying idea of the new law is the eventual dying out of the "mul-t'ai" system and its replacement by a set of conditions under which, if maid-servants are needed in a household, they are engaged with the consent of the employer and are paid a regular wage for the duties they perform. Not until that stage is reached in every Chinese domestic establishment in the Colony shall we be able to feel that the full object of the legislation is achieved. It is stated by the Secretary for Chinese Affairs that the section prohibiting the engagement of new "mul-t'ai" has been scrupulously observed, and that no transference from one master to another has taken place. We presume that there is no doubt on that point; otherwise such a definite assertion would not be made. It is to be noted, however, that masters and mistresses who have come to find a temporary refuge in Canton have probably brought some "mul-t'ai" into the Colony, and in this connection we hope that every possible step is being taken to acquaint these new-comers with the state of the law here, and also to inform the girls themselves of their status under it.

We can quite believe that some of Hongkong's "mul-t'ai" have shown the utmost unwillingness, as the S. O. A. says, to leave masters and mistresses by whom they have been kindly treated, and under whose care they have enjoyed a higher standard of living than they would have with their own parents, but that, of course, is no justification for their retention as "mul-t'ai" if either they themselves or their parents desire that their service under this age-old Chinese system shall come to an end. Their rights must be safeguarded and protected at all costs. In saying so much, we realise that there are very many kindly employers who treat these girls with extreme solicitude for their well-being; but there are other types of masters and mistresses as well, and it is those who abuse the "mul-t'ai" system. However, the problem will gradually solve itself, with the spread of civilised ideas, and we are glad to think that the new Hongkong law is in some measure assisting the process.

Wembley Over Again.

Apparently some difficulty has arisen with respect to the suggestion of holding the Empire Exhibition next year, and the chief cause of uncertainty is no doubt the question of Colonial participation. The Dominions seemingly do not consider that the expenditure and trouble they have been put to would be justified again merely to ensure the financial success of the Exhibition. Most of the participants appear to think that the main object of Wembley—to bring home to the Empire, and the world, what the Colonies are capable of, and how co-operation between all parts of the Empire and the Mother Country can be developed—has been achieved. That is undoubtedly the case. Then there is the question of attendance by native races. Many of them have not enjoyed the visit owing to the rigours of England's changeable climate, and now that the novelty of their trip has worn off it is doubtful whether an enthusiastic attendance would be had next year. These natives of tropical countries will have to be sent home during the winter, and that will mean much expense in the way of passages. Without the glimpses of the tropics, Wembley might lose a great deal of its appeal to the British public. These various considerations have evidently to be discussed very fully before any decision can be taken, and the premature announcement, the other day, of an agreement to hold the Exhibition again next year has promptly been denied. The question of Hongkong being again represented has, as Sir Robert Ho Tung has told an interviewer, to be discussed with the local Government, and the same necessity applies to the other parts of the Empire. And unless there is a hearty response, unless the whole Empire can co-operate again, the Exhibition will run the risk of not attaining this year's standard, thus failing to achieve the object of those who advocate its continuance.

China and the League.

One of the obstacles that the League of Nations will have to overcome before it can make itself a power in the world, is the somewhat narrow-minded outlook of some of the smaller nations. China, a big nation only in point of numbers, is showing signs of restiveness because she is not placed on the same footing as others so far as appointment of a representative to the Council goes. The old threat of withdrawal from the League is now made. If participants are actuated by such a petty spirit, it were well if they resigned, but this would place the League in a very awkward position, less representative than ever. One can sympathise with the ambition to have an Asiatic member of the Council, and in any case there will no doubt be an effort to retain Chinese co-operation. This is especially necessary now the question of the opium traffic is receiving so much attention. It is interesting to read the Chinese delegate's assurance that his country will do all that is possible to suppress the pernicious trade, and we presume also the habit of

DAY BY DAY.

GREAT VICES ARE THE PROPER OBJECTS OF OUR DETESTATION, SMALLER FAULTS OF OUR PITY; BUT AFFECTION APPEARS TO BE THE ONLY TRUE SOURCE OF THE RIDICULOUS.—Fielding.

No cases of communicable disease have been reported in the Colony during the past two days.

It has been reported by Capt. Jensen, master of the s.s. Taisun Maru, that one sailor was injured during the ship's target firing practice.

The silk forwarded from here by "Empress of Asia" on the 28th August arrived in New York on the 20th September, having been 23 days in transit.

Clothing and money of the value of \$105, belonging to Mr. Currau, a ship's officer, have been stolen from the officers' quarters in the Takoo Dockyard.

From Lokmachau it is reported that a young amah employed at the local Police Station has committed suicide by hanging herself in the servants' quarters.

The master and mistress of two fishing boats were each fined \$5 or five days' imprisonment by the Marine Magistrate this morning, for dredging in Kowloon Bay.

A Marine Court enquiry into the stranding of the s.s. Tournesol on Cuckoo Rock, Kowloon Bay will be held at the Harbour Office on Monday next, September 29th.

The members of the Sergeants' Mess, 1st Battalion the East Surrey Regiment, held a whist drive in their mess, every Tuesday evening at 8.45 p.m. All their friends are very cordially invited.

A woman living at Kiling Lane was removed to the Government Civil Hospital on Saturday suffering from severe burns caused when a pot of boiling water was upset over her. She died some time later.

A Chinese was stabbed and robbed of \$15 in Namcheong street, Shamsuipo, yesterday. Six men were concerned in this assault. The victim was taken to the Kwong Wah Hospital, suffering from a wound in the back.

"Why don't you say thank you?" asked Mr. R. E. Lindell of an old woman on whom the Court, out of compassion for her years, to-day conferred a free hawkers' licence. The woman hastened to make amends:—"Oh, my forgetfulness! Thank you very much indeed."

There was at the Kowloon Magistrate's this morning a sequel to the shooting of a Chinese by an Indian constable some time ago, when, it is alleged, the former threw away a revolver which he pointed at the constable. This weapon, found in some bushes on the Lai-chikok road on August 12th by an Indian constable, was this morning ordered by Mr. E. W. Hamilton to be confiscated.

Many friends in Shanghai will learn with sorrow that Mr. Jack Raynes, for many years a resident of Shanghai, and known to hundreds here simply as "Jack" by reason of his genial and winning personality, died suddenly on the N.Y.K. steamer Mashumo Maru, en route to Sydney, on September 9, and was buried at sea, says a Northern paper. Mr. Raynes, who was formerly proprietor of the Trocadero Cafe here, left Shanghai several months ago for a holiday in Japan, to regain his health. He had recently left there for Hongkong and was on his way to Australia in the hope that the climate there would be beneficial, when he succumbed.

opium taking. Meanwhile, the faction which the Geneva delegate from China represents, is fighting against very formidable opposition. It is a death struggle, and should the Peking Government win there will be some point in these Chinese contentions at the League congress. If the Peking faction loses, the matter of who is who, and what he represents, might form a little problem for the League to puzzle out, as a sideline to its other difficulties.

THE LEAGUE AND WORLD PEACE.

REACTION OF THE GEORGIAN SITUATION.

(Continued from Page 1.)

Geneva, September 21.
The League committee is discussing the joint Anglo-Franco-Belgian sympathetic resolution with regard to the trouble in Georgia. All speakers expressed sympathy with the Georgian struggle for liberty, but General Frey (Switzerland) and Mr. Hofmeyr (South Africa) expressed surprise that the resolution submitted was identical with one voted two years ago. They asked what the Council had done in the meantime, and suggested there be modifications of the text in order to conform with the new circumstances. Eventually a sub-committee consisting of Professor Gilbert Murray, M. De Brouckere (Belgium), M. Albert (France), Signor Bonini (Italy) and Mr. Macdonald (Canada) was appointed to consider the question. It is understood it intends to suggest that the League propose to Russia a mediation by the States which have recognised both the Soviet and the independence of Georgia.—*Reuter.*

HOW THE FIGHT GOES.

Paris, September 21.
A telegram to the Georgian Legation states that in the districts of Zougddi, Senaki and along the river Kodor, thousands of insurgents have held up the advance of the Soviet troops, with which Communist detachments organised outside Georgia are fighting.—*Reuter.*

SOVIET COMPLAINT.

Moscow, September 21.
In an interview with the Rosta news agency, M. Chicherin complained that the imperialistic countries were conducting a general offensive against the Soviet, and using the League of Nations in this connection. He declared that the joint resolution of the British, French and Belgian delegations at Geneva was a flagrant case of interference with the internal affairs of the Soviet, inasmuch as Georgia was a free and voluntary associate of the Union of Soviet Republics. The League of Nations had passed over silently the events in India, Syria, the Sudan and China, but was only too ready to pass resolutions hostile to the sovereignty of the Soviet. The Council of Peoples' Commissioners has appointed Preobrazhensky, Golchberg and Reingold to be members of the commissions provided under the Anglo-Soviet treaty to examine the claims of Nationals for compensation for loss or injury.—*Reuter.*

PUBLIC DEMONSTRATION.

Geneva, September 21.
Three thousand citizens participated in a public demonstration yesterday in connection with the "war against war" movement. A procession was formed, carrying banners declaring that only the workers would ensure the peace of the world, and demanding that the governments and the League intervene in Georgia. It marched to the communal hall, where there was a lively scene outside, the Communists shouting "Down with Georgia!" and clamouring for the removal of the banner relating to that country. After the tumult had subsided, M. Paul Boncour, Mr. Charlton (Australia), M. La Fontaine the Belgian Senator, and Italian and German delegates made speeches urging support of the League's peace efforts. Mr. Charlton expressed faith in the League's work, and pleaded for the support of the world's workers. A resolution was adopted protesting against the piling up of armaments and demanding the development of arbitration.

FOOTBALL PSYCHOLOGY.

POLICE WELL BEATEN. [BY "WANDERER"]

A goal down in the first minute! How interesting it is to watch the effect of such an early disaster on the side in arrears. Often it acts merely as an incentive and draws out a club's best; others, judging by outward appearances, it concerns as little as if it were a throw-in or a "bully" and there are other sides who, the wind taken out of their sails, thereafter play like a tired team. It is a question, I suppose, of temperament first and then confidence.

Whether or not Howard's goal for the Hongkong Club against the Police on Saturday, scored from the kick-off, and the subsequent half-hearted play of the Police, was cause and effect, it is impossible to say, but certain it is that the police did play half-heartedly and it was not surprising that they met with a four-nil defeat. The Club's second goal came after 15 minutes, Jimmy Stewart having no difficulty in steering the ball past Peterson whose vision was obscured. After the interval, Forsyth added a third and shortly before the end came the last goal, the best of the match, a glorious shot travelling six inches from the ground all the way which Peterson got to but succeeded only in deflecting into the net. Evelyn was the scorer and it was by no means the first excellent shot he had put in.

The Club's strength lay in their half-back line, which held the upper hand throughout. Rodgers in goal, had little to do, he being well covered by Gerard and Buxton. The forwards played good football, but were weak in the shooting line.

The Police displayed lamentable lack of cohesion and the outstanding player was Peterson in goal who came to the rescue of the side on many occasions.

The teams were—
Hongkong:—Rodger; Gerard and Buxton; Mair, J. Stewart, and Hill; W. Stewart, Forsyth, Howard, Evelyn and Keys.

Police:—Peterson; McWalter and Winn; E. Post, Forbes and Fenn; Britton, Hargreaves, Johnson, G. Post and Simpson.

SURREYS COMPETITION.
The Final of the Football Competition in connection with the

CORRESPONDENCE.

(To the Editor of the "Hongkong Telegraph.")

A Bathing Nuisance.

Sir,—I shall esteem it a favour if you will kindly spare a few lines in your valuable paper in order to draw attention to the discomfort caused to bathers by launches dumping ashes, etc., over the side.

Yesterday, in company with some friends, I journeyed to Repulse Bay to enjoy an afternoon's bathing. We entered the sea soon after 2 p.m. when the condition of the water left nothing to be desired. Later on, several steam launches arrived and anchored in the Bay. Within about half an hour, all sorts of refuse and black sooty matter came floating shorewards, putting an end to our afternoon's pleasure.

I trust that publicity will have the desired effect, and that action will be taken against the owners of launches guilty of this offensive practice.

Yours etc.,
SEA LOVER.
Hongkong, Sept. 22nd, 1924.

BUS OVERTURNS.

CONDUCTOR SENT TO HOSPITAL.

The conductor of bus No. 618, belonging to the Kowloon Motor Bus Company, was injured in the leg when the bus overturned whilst on its way to the Ferry from Lai-chikok yesterday.

The accident occurred as a result of the uneven motion caused to the bus when it crossed over light railway lines near Lai-chikok. The vehicle turned on its side on to a slope.

With the conductor there were the driver and a ticket inspector, both of whom escaped injuries. The injured man was taken to the Kwong Wah Hospital.

"Montague-Bates" Platoon Cup will be played on the Murray Barracks Ground on Tuesday next, 23rd inst., kick-off 3 p.m. The finalists are—Right Section, M.G.P. v. Drums and Signallers.

ONE OF THE WORLD'S GREATEST SALESROOMS

The salesroom of the New York Branch of the Buick Motor Company at 55th Street and Broadway, New York, sells and delivers more cars and more dollars worth of automobiles than any other salesroom in the world. And its sales are increasing all the time.

This Buick Branch delivered, during 1923, 24,565 new Buicks, representing a cash value of \$39,591,918. In 1924, it is expected that about 30,000 cars will be delivered, a business of over \$50,000,000. Few if any of the great New York department stores will do as great a volume of business.

From August 1, 1923 to May 16, 1924, deliveries of this Branch amounted to 20,139 Buicks as compared with 16,295 deliveries for the same period the preceding year. This represents an increase of 3,844 cars, or a 23-1/2% gain. Sales of this Branch for the first two weeks of May 1924, were 1,231 Buicks as compared with 945 sold in the same period last year. This is an increase of over 30%. It is no wonder that a record breaking volume of business is expected for the new season.

Because the value of Buick output has each year been greater than that of any other exhibitor, Buick has held first place in every National Automobile Show in the United States during the last six years. In 1923, Buick sold 218,516 motor cars, representing a value of \$302,752,950 not including war tax or freight. In the New York district alone 12-5/10% of the 88,026 new cars sold in 1923 were Buicks.

SCULLING CHAMPIONSHIP.

PADDON RETURNS THE TITLE.

Sydney, Sept. 20.—Paddon won the World's Sculling Championship by twelve lengths.

The championship was decided at Woodburn on a course over the Richmond River of three and one eighth miles. Paddon was favourite at odds of 4 to 1 on. Major Good, sell looked like giving the champion a hard go, but the race became a procession. Goodall inside a quarter mile dug a scull deep into the water and fell out of the boat. When he recovered he had lost ten seconds. Paddon's time was seventeen minutes, seven seconds, a record for the course.—*Reuter.*

RUGBY FOOTBALL TEST.

ANOTHER VICTORY FOR SOUTH AFRICA.

Capetown, Sept. 20.—South Africa defeated the British Rugby team in the fourth and final Test by 16 points to 9. The British have not won a single Test.—*Reuter.*

All Blacks Defeat Somerset. London, Sept. 20.—At Weston Super Mare the All Blacks beat Somerset by six points to nil.—*Reuter.*

BURIALS AT STONEHENGE. A resolution protesting against the Office of Works permitting the interment of human remains within the precincts of Stonehenge was passed at the annual meeting of the Wiltshire Archaeological Society, at Salisbury. This was in reference to the First Commissioner's answer to Major Moulton, in Parliament, that it was not proposed to interfere with the burial of the ashes of modern Druids there.

FRESH STOCKS HAVE ARRIVED.

THE WING ON CO., LTD.**LABOUR AND POLITICS.****STRIKING SPEECHES.**

The inaugural celebrations of the Federation of Chinese Labour Unions took place at the Tai Ping Theatre yesterday with pomp and ceremony. The Federation, known in the vernacular as the Kung Yuen Chung Wui, is one of the two general Labour organisations and has been in existence for a number of years, playing an important part in the big strike of 1922. It has a membership of about seventy guilds, most of which were represented at yesterday's function.

The Theatre was lavishly decorated for the occasion, its ordinarily drab interior being transformed into a pretty meeting hall resplendent with strings of flags and flowers suspended cross-wise from the ceiling. The proceedings, simple but labourous, were carried out on the stage, occupying about four hours. A brass band was present to "enliven the meeting," but the programme sadly lacked variety. In fact the monotonous frequency with which the Chinese National Anthem was played, might have more or less embarrassed the gathering but for the wit of one of the officials who announced that the attendance would be excused from standing up, when the band struck up "The Republic of China," if they bowed to the Chinese flag the first time it was played. The great part of the afternoon was taken up in the reading of four or five hundred congratulatory messages from different labour unions in Hongkong, Macao, Canton and other parts of the world, including America, Holland, and Denmark.

Explaining the delay of the celebrations Mr. Man Kung-bok, the Chairman, said the Federation had been busy in the last few years, mediating for labour guilds involved in wage disputes and also with various schemes for the promotion of a better understanding and relationship among the Hongkong union. He recalled the time when the Federation had only a handful of members. Since the big strike many guilds had joined in and they had now more than hundred thousand members interested. The Federation had been growing steadily, though its financial position was not as sound as might be expected. He was glad to notice a growing sense of responsibility among the members and their readiness to help each other in a good cause, thus fostering the ideals of the Federation which were to help the oppressed and champion the cause of righteousness.

Labour and Politics.

In a meeting of this description, at which there were fifteen to twenty speeches, it would be difficult to assimilate all that was said. As usual, the occasion was used by budding orators to demonstrate their power of rhetoric with frequent quotations from the Chinese Classics. One speaker, Mr. Chan Lit (representing the Kuomintang of Canton), made a decided hit when he advocated the formation of a national labour federation in China, with the Kung Yuen Chung Wui as the nucleus. This would take an active interest in politics to the extent of checking the exploits of the warlords. He said the Chinese people had long suffered from bad government. They had long been indifferent and this no doubt accounted for the increasing incidence of the happy-go-lucky militarist who gave not one thought to the common masses, forgetting that they were the backbone of the country. Amplifying this remark, Mr. Chan Lit said: "President Tsao Kun and Wu Peifu would not have the freedom they are enjoying in the present war if there were an organization of the common people whose opinion would command respect. If we have such an organization civil war will be reduced to a minimum. What China needs to-day is good public opinion, and this can be attained through the medium of a central organization representing the workers of the whole country. They can crush Wu Peifu and other militarists and gradually destroy the warring element. The Chinese labourers should not give their whole attention to strikes for better pay, but should remember their duty as citizens of the country. On the other hand they must have a correct sense of proportion."

Other speakers supported the scheme, pointing out that the Hong Kong Federation should be a branch of the national organization by reason of the fact that the movement

CORRESPONDENCE.

(To the Editor of the "Hongkong Telegraph.")

Cement Shares.

Sir,—I am taking this liberty of availing myself of space in your valuable paper to draw attention to the unjustifiable depression of values of, and selling of Cement shares.

As a shareholder in this Company I have naturally followed the market fluctuations, and the downward trend of rates has caused me no little unrest.

The only conclusion, that one can come to is that the depression of the value of Cement shares is due to brokers and others selling short on the market, or in other words, selling something they have not got, for forward delivery, hoping to cover at lower rates between the time they sell and the time they have to deliver. But those people are not without their resources in case the market should be against them at the time they have to deliver. They are usually carrying shares for weak holders and use them *ad lib* as they may want to—to break the market if they choose or to serve their own end. In the present instance, to move Cement shares downwards they quote the name of a very reverend gentleman as having said the shares are not worth \$15, but with what warrant one has still to find out.

Wherein, then, can we find the remedy? It would be futile to expect any relief from the Legislature and the remedy, if any is to be found at all, is in the hands of the shareholders. I would therefore suggest that the shareholders get together to discuss ways and means of counteracting the effect of the short selling and jobbing and stop this undue depression of values, and to that end a meeting be convened at which resolutions along the following lines be considered and framed:

1. Resolved that the Directors who resigned early this year be invited to rejoin the Board.
2. Resolved that the new issue of shares be bought back at rate of issue, or as may be advisable.
3. Resolved that the Cash Balance now lying idle should be used in the redemption of shares, provided such shares are below value, taking prevailing market values of property etc., as a basis, the reduction of Capital shares being the essence thereof.
4. Resolved that the Board of Directors at any time be empowered to redeem, out of the funds of the Company, any such shares that are offering at a figure reasonable in the judgment of the Directors, even though such purchase may mean the non-payment of a dividend, the reduction of capital shares being the essence thereof.

An invitation to those gentlemen who resigned early this year is but due to them as they have ably helped in directing the affairs of the Company and have helped its growth to what it is to-day. Their resignation, in the first place, was significant of their disapproval to unnecessarily increase the capital of the Company and over-burden it, and in so refusing to associate themselves with a scheme, which they, with their broader vision, saw was not to the best interests of the Company. It may be mentioned here that the scheme to increase the capital of Company was fathered by the brokers to provide a reason to boost the shares to an inflated figure so that they could unload their holdings.

Beyond this no further comment is necessary. Suffice it to say that a united stand must be made by the shareholders of the Company even to the extent of engaging legal aid to redraft the Company's Articles if necessary, and/or to obtain whatever sanctions of the Court that may be necessary to make possible the carrying out of the shareholders' wishes in respect to resolutions as outlined above.

Will not some shareholder with more ability than I have come forward and take up the cudgels on behalf of the other shareholders and do the needful in connection with the convening of the preliminary meeting.—Yours etc.,
SHAREHOLDER.

Hongkong, 20th Sept., 1924.

of forming guilds started in Kwong-tung.
After the speeches an exhibition of Chinese boxing was given, which was much appreciated. Last night a public dinner was given, four restaurants being treated. The day was observed as a general holiday. Even the market stalls were closed with the result that not a few people were inconvenienced.

HARBOUR RACE.**CHINESE BATHING CLUB EVENT.**

A very interesting event was witnessed on Saturday, when the harbour race, held under the auspices of the Chinese Bathing Club and inaugurated last year, was held at North Point, starting from the Kowloon Docks, and finishing at the Club's shed. The course was about three quarters of a mile. There was a good entry, no less than 80, sending in their names. Of these only two failed to compete. Out of the 84 who entered the water at the Docks, 81 finished the course, the winner being Leung Sui-man. He completed the distance in 27 minutes and 45.27 seconds. Last year's time for the same course was nearly two and a half minutes faster (25.27). The winner then was Yeung Kwok-ching. He did not compete this year owing to being detained by business. Saturday's winner is a performer of some note among the Chinese. He was second to Young Kwok-ching last year and followed that by winning the harbour race open to Chinese held by the Victoria Recreation Club swimmers. He has represented China on two occasions at the Far Eastern Olympic Games at Shanghai and Japan.

Punctually at 3 p.m. the 84 swimmers took the water at the cable house at the Kowloon Docks. The race was divided into two events, one for the members of the Club and the other for the non-members, although the competitors of both events swam together. The water was very choppy and the wind troublesome. Swimming against such disadvantages none of the swimmers succeeded in keeping a straight course.

Two interesting entrants were a lady, Miss Ho Lu-lun, and a small boy aged 18, Ho Pin-ki. In the field of 84 the lady finished 29th, while the small boy failed to complete the course. The winner led all the way and won easily, although delayed for a minute in mid-stream by a passing steamer. The most interesting finish was that of the two competitors who fought for second place. The prizes will be presented to the respective winners at a later date, when sports will be held.

The following were the first to finish:

- (1.) Leung Sui-man, 27.45 2/5.
- (2.) Tong Tan-sui, 30.35.
- (3.) Wong Kam-fun.
- (4.) Wong Pin-fun.
- (5.) Chan Ching-po.
- (6.) Lo Kwok-yui.

The names marked with an asterisk denote members of the Club. It will be seen that the first two were non-members. For the members' event the third man takes the first place, the fourth second, and the fifth the third.

The officials were: Secretary, Mr. Wong Kam-ying, Starter and judge, Mr. Wong Pun; Time-keeper, Mr. Lo Lai; and Clerk of the Course, Mr. Leung Tit-sang.

LAWN BOWLS.

TAIKOO AGAIN CHAMPIONS.

By defeating Civil Service Cricket Club in the first division of the League on Saturday afternoon, Taikoo made sure of winning the Championship. There is only one more match to play in the first division, and this will take place at Taikoo on Saturday next, when the visitors will be the Kowloon Cricket Club, who, earlier in the season, were unable to raise a team to make the journey. Taikoo's victory was due almost entirely to Ferguson's rink, who scored no less than 35 to their opponents 10. Taikoo's aggregate being 74 against 55 by Civil Service. Kowloon Bowling Green Club entertained Kowloon Cricket Club and ran out easy victors, the margin in their favour being 84 shots.

In the second division the Indian Recreation Club created a surprise by defeating Taikoo by five points, and thus greatly assisted the Kowloon Dock Recreation Club in their fight for championship honours. The two Dock teams have now two matches to play each, and if Kowloon are successful in both, they will have the honour of figuring in the first division next season. The Kowloon Cricket Club played their last match of the season against the Kowloon Bowling Green Club. They were up on two rinks, but on the third, Davidson, who was opposed to Wyllie, went down badly, with the result that the Bowling Green Club won by 25 points.

Kowloon Dock easily accounted for the Yacht Club. They ran up the big score of 91, the highest of the season; the Yacht Club could only claim 20.

DIVISION I.

Taikoo R.C. v Civil Service C.C. Played at Taikoo, the home team winning by 19 points.

J. Sloan, T. Grimshaw, R. Wallace and W. Wotherpoon (Taikoo) lost to A. H. Oswald, R. Smith, W. Knight and A. S. Mill (C.S.C.C.) by 14 to 23.

W. Perrie, J. Whyte, N. Drummond and J. Ferguson (Taikoo) beat W. Cullip, J. Massey, T. Laing and A. B. Allan (C.S.C.C.), 35 to 10.

G. McLeod, T. Bateman, J. Russell and G. Morrison (Taikoo) beat F. Knott, J. Murphy, J. Gregory and A. Grimmit (C.S.C.C.), 25 to 22.

Totals: Taikoo, 74; Civil Service C.C., 55.

Kowloon B.G.C. v Kowloon C.C. Played at Kowloon Green Club, the home team winning by 34 points.

J. McLaggan, J. Kynoch, P. T. Farrell and R. Lapsley (K.B.G.C.) beat H. Overy, J. Cornley, R. Hunter and D. A. Purves (K.C.C.), by 38 points to 14.

J. B. Chapman, H. Nish, R. Hall and L. Guy (K.B.G.C.) beat L. E. Lammert, W. Goldenberg, A. O. Brown and J. Hyde (K.C.C.), 24 to 14.

J. Greig, D. Harvey, W. Macfarlane and W. Russell (K.B.G.C.) beat W. Buckborough, C. J. Taccchi, J. Gibson and A. G. Pile (K.C.C.), 20 to 15.

Totals: Kowloon B.G.C., 77; Kowloon C.C., 43.

DIVISION II.

Indian R.C. v. Taikoo R.C. Played at Sookunpoo, the home team winning by five points.

S. Hussain, M. B. Sufiad, H. Hartman and S. E. Ismail (I.R.C.) lost to J. Muirhead, H. McKeechie, J. McCubbin and J. Sloan (Taikoo) by 14 to 29.

V. Espina, B. A. Hyder, H. D. Rummah and U. M. Omar (I.R.C.) beat H. Dinnen, W. Crichton, M. O'Brien and J. Laing (Taikoo) 27 to 12.

SEAPLANE RACE FOR SCHNEIDER CUP.

ACCIDENT TO BRITISH HIGH-SPEED MACHINE.

London, Sept. 20.—The question of sending a British seaplane to participate in the race for the Schneider Cup at Baltimore may have to be reconsidered in consequence of an accident to the Air Ministry's high speed research seaplane, built by the Gloucestershire Aircraft Company and fitted with a Napier-Lion engine, on its preliminary trial at Felixstow. After a promising flight, the seaplane sank in the harbour owing to the apparent failure of the undercarriage. The pilot was rescued.—Hester.

E. el Arrouhi, A. O. Madar, H. Ram and D. Rumbabu (I. R. C.) beat T. Young, C. B. Matthews, W. Weir and T. Grimes (Taikoo), 21 to 10.

Totals: Indian R.C., 62; Taikoo R.C., 57.

Kowloon C.C. v Kowloon B.G.C. Played at Kowloon C.C., the visitors winning by 25 points.

F. Robson, J. Howe, J. Fraser and P. W. Ramsey (K.C.C.) beat D. Hazel, D. B. Warren, R. Hunter and W. McKay (K.B.G.C.), by 21 to 20.

L. Jack, W. Hyde, F. G. Herdridge and J. P. Robinson (K.C.C.) beat W. Smith, R. Johnston, A. Morley and D. Muir (K.B.G.C.), 22 to 21.

E. Hoather, J. M. Jack, V. C. Labrum and A. W. E. Davidson (K.C.C.) lost to H. Pearman, W. S. Cuff, C. Hatt and B. Wyllie, 11 to 88.

Totals: Kowloon C.C., 54; Kowloon Bowling G.C., 79.

Kowloon Dock R.C. v R.H.K.Y.C. Played at Kowloon Dock, the home team winning by 63 points.

G. Panchoon, E. Dockerty, D. Keith and S. Gray (Kowloon Dock) beat A. J. Stock, F. Anderson, J. Bullock and J. L. Shellshear (R.H.K.Y.C.) by 27 to 9.

A. Gourlay, W. Hedley, D. Gow and J. Panchoon (Kowloon Dock) beat L. Ashcroft, W. Dixon, J. B. Ross and G. R. Edwards (R.H.K.Y.C.), 30 to 9.

F. Cullen, R. Dixon, J. McKelvie and W. M. Johnston (Kowloon Dock) beat W. D. Jamie, E. B. Reed, E. W. Carpenter and A. L. Shields (R.H.K.Y.C.) 29 to 11.

Totals: Kowloon Dock R.C., 91; R.H.K.Y.C., 20.

We must give the Central Motor Cor-
poration, Paige and Jewett distributors
in Wheeling, West Virginia, credit for
this one:
"Daddy, does the Lord drive a Jewett
car?" asked the four-year-old boy.
"What makes you ask that question,
my boy?" answered the father.
"Well they sang in Sunday School,
The Lord will take you to His home
on high."

PRESSING GERMANY TO JOIN.

IS IT A WISE POLICY?

Geneva, September 21.
The sudden departure of Dr.

There is much comment on Nansen for Germany in the middle of the work of the Assembly.

It is not believed that Dr. Nansen has been entrusted with a mission for trying to induce Germany to apply for admission to the League, but is acting entirely on his own responsibility. The wisdom of continuing to press Germany to enter the League is questioned in Geneva conference circles.—*Reuter*.

[Dr. Fridtjof Nansen, who is in his 62nd year, is perhaps best known as the famous Norwegian Arctic explorer. He was an active worker in the movement to separate Norway and Sweden, twenty years ago, and was the first Norwegian Ambassador to Britain. With wide international sympathies, he has interested himself in Russian relief work, and is an advocate of German inclusion in the League.]

Dr. Nansen.

ANXIETY FOR COBBHAM.

NOT RETURNED FROM LONG FLIGHT.

Some anxiety is felt in connection with the non-return of Cobham, who intended to return to London from Tangiers via Madrid immediately.

Local aviation authorities have telegraphically enquired at Tangiers.—*Reuter*.

[A telegram to hand yesterday stated that Cobham made a remarkable flight from Croydon to Tangiers in 14 hours, including a half-hour stop at Madrid.]

SAFE BACK IN LONDON.

Cobham has returned to London via Toulon and Toulouse. He did not call at Madrid, owing to fog. He was 55 hours absent from London, during which time he flew 3,000 miles, including crossing the Pyrenees.—*Reuter*.

CHINA AND THE WAR ON OPIUM.

GENEVA DELEGATE PLEDGES UNRESERVED SUPPORT.

In the course of the debate on the report of the advisory committee on the opium traffic, Mr. Chao Hsin-Chu refuted the statements that the cultivation of the poppy was universal in China. He quoted a statement, which he ascribed to *Reuter*, that a Chinese Governor had enforced the death penalty on all persons found in possession of four ounces of narcotic drugs, and he added that China had laws prohibiting the opium traffic in any form, and would be able to enforce them to the fullest extent when the Central Government regained control of all the provinces. Public opinion in China strongly supported the anti-opium movement, and China supported honest propaganda. "We promise you our goodwill and unreserved support in the movement for combating, in the name of humanity, this evil which is of world-wide concern." (Applause).—*Reuter*.

MR. ASQUITH CONDEMNS RUSSIAN LOAN.

"CRUDE EXPERIMENTS IN NURSERY DIPLOMACY."

Mr. Asquith added his voice to the condemnation of the Russian Treaty in the course of a letter to a correspondent, in which he especially condemns the projected loan as unprecedented in British history, while the Treaty generally settles nothing and leaves the whole future to a chapter of accidents. He expresses the opinion that Anglo-Russian relations cannot be put on businesslike lines, secured by adequate safeguards, by "crude experiments in nursery diplomacy."—*Reuter*.

LOAN TO BE £30,000,000.

Commander Kenworthy, in a speech at Hull, said Mr. Wheatley had told him that the Russian Loan would be £30,000,000, spread over five years.—*Reuter*.

PEACE PACT SNAGS.

SMALL DELEGATIONS EXPRESS OPPOSITION.

A Geneva telegram dwells on the difficulties of drafting a security pact, and says that it is now generally felt that the pact when it comes will be submitted in the assembly, and will be far less sweeping than was hoped after the speeches of Mr. MacDonald and M. Herriot at Geneva.

The small delegations are uneasy, and declare that Britain and France are running the show. They are dissatisfied with M. Benes' project. The opposition of the British Dominions thereto is causing great anxiety in League circles. It seems impossible that the project can be introduced before the Assembly earlier than the beginning of October.—*Reuter*.

HEALTH MATTERS.

DR. KOCH'S LATEST QUERIES.

Pertinent Questions on Water Supply.

At to-morrow's meeting of the Sanitary Board, Dr. V. M. Koch will ask the following question:—**THE TYPHOID OUTBREAK.**

"In view of the persistence of the occurrence of Typhoid Fever in the Colony are any further efforts being made to trace the possible source of infection?"

WATER REPORTS.

"This Board respectfully requests that the regular reports of the bacteriological and chemical examination of the waters of the Colony be laid on the table as soon as issued for its information and for such criticism as may be called for."

ANTI-RABIC EMULSION.

"Will the Head of the Sanitary Department inform the Board:—
(i) whether anti-rabic emulsion is made in this Colony; if not, from where it is procured; and is a sufficient quantity always kept in stock; and where it is stored?
(ii) Under what conditions is it distributed when required for example by private medical practitioners.
(iii) Can it be obtained on Saturday afternoons, Sundays and Public Holidays, and what measures must be taken to procure it."

WATER PURITY STANDARD.
"Is there a standard adopted for judging the bacteriological purity of the waters of this Colony including Kowloon?"

"If so, what is the standard, and how has it been arrived at? Have past as well as present meteorological conditions and other factors been estimated and studied."

"Has such examination of these waters been satisfactory in recent months?"

"How often are the different waters examined bacteriologically each month?"

DEFENCE OF SHEKLUNG.

CHAN'S TROOPS ADVANCING.

A report from Canton is to the effect that Sun Yat-sen's defence line at Sheklung has been considerably shortened, the force concentrating on the defence of Sheklung. It is said that the Yunnanese force is to be left to handle this front, all other forces being gradually withdrawn to the North River.

Chan King-ming's forces are said to be advancing in a semi-circle and a clash is expected within a few days.

PORTUGUESE LAUNCH.

COMMANDEERED BY CHINESE MILITARY.

A Macao correspondent reports that the Government has received a report from the Tai On Towing Company (owned by a Portuguese merchant) that a steam launch, plying between Macao and Shaki and flying the Portuguese flag, has been commandeered by the military authority at Shaki for the purpose of carrying soldiers. It is also stated that the master of the junk and one of his sailors were arrested and imprisoned for two days. The Macao Government intends asking the Canton Government for an explanation.

CHINA WAR.

CHAOYANG FALLS.

SUCCESS FOR CHANG TSO-LIN.

Peking, Sept. 21.
Official despatches report that Government troops near Chaoyang shot down an enemy aeroplane, and that three of Chang Tso-lin's companies have gone over to the Government there.—*Reuter*.

SUCCESS FOR CHANG TSO-LIN.

Shanghai, Sept. 22.
A message from Mukden, dated yesterday, states that General Li Ching-lin, commanding the Second Army, to-day captured the important town of Chaoyang, taking 3,000 rifles, six field guns and many new type trench mortars which have been employed most successfully.

General Wu, of Hottukiang, commanding the Fifth Army, will attack Kailu to-day. Chihli troops numbering 3,000 at Kailu, are stated to have made overtures for surrender.—*Reuter*.

CHEKIANG'S NEW FRONT.

Shanghai, Sept. 22.
The Chekiang forces have shortened the Hwangtu-Luho front and are establishing a new front at Kashing along the Shanghai-Hangchow railway line, with the Second Army withdrawn from Changshing.

General Lu has rejected the peace overtures made to him. After a temporary lull, fighting broke out to-night.—*Reuter*.

NAVAL HELP FOR WU PEI-FU.
Shanghai, Sept. 21.
The so-called Independent Navy sailed from Shanghai yesterday to join Wu Pei-fu's Northern fleet.

The Independent Fleet consists of one cruiser, two gunboats and two destroyers, hitherto controlled by Marshal Lu Yung-hsiang.—*Reuter*.

CLASH EXPECTED.

Mukden, Sept. 21.
It is reported that on the night of the 16th inst., 3,000 Heilungkiang cavalry arrived at Tsaoanfu from Taitshih, leaving immediately for Tungliao.

On the 19th inst. three trains containing artillery and cavalry and Harbin and Northern troops passed south of Chinkiatun en route for Tungliao.

Troops from south of Supingkai are also concentrating at Tungliao.

A clash is expected near Kailu, where it is said Wu Pei-fu has concentrated large forces but this is doubtful, owing to the difficult country to traverse.

The wealthy Chinese are gathering at Supingkai. Chang Tso-lin's troops are well behaved, healthy but rather poorly equipped. The guns soon consisted of twelve 75 mm. field guns.—*Daily Bulletin*.

FRANCE TO BE IMPARTIAL.

Paris, Sept. 21.
Discussing events in China, the *Petit Parisien* remarks that the opposing Generals have no tendency to xenophobia. Both are equally concerned to watch over the interests of foreigners.

As long as her nationals are not injured, France, while taking all precautions, will maintain an attitude of impartiality towards the conflict and confine herself to expressing the hope that one or other of the contestants will carry the day sufficiently and decisively to cause a restoration of Chinese order and unity, thereby benefiting the commercial interests of France and other Powers as well as those of China.—*Reuter*.

ARMED ROBBERIES.

WOMAN RAISES ALARM.

Early this morning armed robbers entered a matchbox situated on the hillside at Tai-hang, but were forced to make a hasty exit when the wife of a gardener who watched the shed raised the alarm.

This woman, fearing a dagger that was being held against her, shouted "Save me!" The robbers, who were armed with revolvers, fled in confusion.

DAIRY FARM MILK.

CORRESPONDENCE WITH GOVERNMENT.

Objection to Proposed Commission.

Mr. M. Manuk, Secretary of the Dairy Farm, Ice and Cold Storage Co., Ltd., forwards us copy of correspondence exchanged with the Government regarding the Company's milk supply and asks us to publish same in our columns for the benefit of all those interested. He adds:—"You will notice that my Company has done everything possible to clear itself of the reflections cast upon its methods by the Medical Officer of Health."

The correspondence is as follows:—

Letter from the Secretary of the Company, to the Principal Civil Medical Officer, dated August 2nd:—"In view of the aspersions cast upon this Company and its methods of cleaning its utensils and also in view of the severe statements made at the last Sanitary Board Meeting by the Medical Officer of Health has created in the Colony, my Directors consider it advisable and necessary, in order to satisfy the public, that an independent investigation be made by a body of medical men as to our methods and the cleanliness of our farms. I now write to ask you if you would be good enough to appoint if possible any one Government Doctor and detail two local Medical Practitioners to go out to our farms and submit their unbiased report for publication. You will no doubt appreciate our position in this matter as the principal purveyors of the Colony's fresh milk supply and my Directors feel confident that you will do the necessary in assisting not only this Company but the Colony as a whole."

Letter from Dr. J. Addison, P.C.M.O., to the Company, dated August 16th:—"I beg to acknowledge receipt of your letter of 2nd August. I am referring your request to Government and will communicate with you further in due course."

Letter from the Hon. Sir Claud Goven, Colonial Secretary, to the Secretary of the Company, dated August 12th:—"With reference to your letter of the 2nd of August, addressed to the Principal Civil Medical Officer regarding the proposed investigation by an independent body of medical men of the methods employed at your Company's farms, I am directed to state that it is not considered desirable that a Government Medical Officer should be a member of a body such as you suggest."

Letter from the Secretary of the Company, to the Hon. Colonial Secretary, dated August 14th:—"I thank you for your favour dated 12th inst. No. 3359/1924, and note that the Government does not consider it desirable that a Government Medical Officer should be a member of a body of medical men for the purpose of investigating the methods employed by my Company on its farms as suggested in my letter under date 2nd August addressed to the Principal Civil Medical Officer. Am I correct therefore in assuming that only he is appointed for the purpose? I might mention that I personally applied to Dr. Koch with view to appointing a commission to go out to our farms and to make the necessary investigations and it was on Dr. Koch's advice that I applied to the Principal Civil Medical Officer as the proper person to appoint such a body. The idea of having a Government Doctor as a member of the milk had been challenged by a Government Official without proper investigation, but also to give the Government Medical Department full opportunities of satisfying themselves as to the methods employed by our farms."

Letter from the Secretary of the Company, to the Hon. Colonial Secretary, dated August 25th:—"I beg to acknowledge receipt of your letter dated 22nd inst., and note that it does not appear to the Government that an enquiry such as I suggested in my letter to the Principal Medical Officer would have any useful result in view of the assumption that any imperfections, that may have existed formerly in our methods at the Farm have since been remedied. I should like to point out that we have never been aware of any imperfections in our methods of handling our milk and my Company's request to appoint a Commission to investigate our methods was made because a Government Official, without any definite proof, saw fit to cast aspersions upon my Company's methods. Under the circumstances, and in the interests of public health, it does not seem unreasonable that my Company should expect the Government to take all possible steps to establish the correctness or otherwise of such statements. The Assistant Medical Officer of Health went out to our farms and inspected our methods but could find no defects as far as we are aware. In our opinion, the aspersions made by the

consumed in the different Government Hospitals. Your reply will greatly oblige my Directors who are anxious to take all possible steps to ensure a pure supply of milk to the community."

Letter from the Hon. Colonial Secretary, to the Secretary of the Company, dated August 25th:—"In reply to your letter of the 14th August, I am directed to inform you that it does not appear to the Government that an enquiry such as you suggest would have any useful result. Any imperfections that may have existed formerly in the method of supplying milk to the public have no doubt been remedied. I am to suggest that if your directors to desire secure a certificate of the purity of their milk, they should take steps to obtain it by sending samples to the Government Analyst for examination."

Letter from the Secretary of the Company, to the Colonial Secretary, dated September 4th:—"I beg to acknowledge receipt of your favour dated 2nd inst. No. 3359/1924 and note that the Government has no objection to the publication of the correspondence exchanged with the Government relating to the purity of this Company's milk supply, for which I thank you."

ZANNI IN HONGKONG. ARRIVED THIS AFTERNOON.

The above picture shows Major Zanni (left) with his mechanic, Beltrame, in the aeroplane with which he started out on his world flight.

If expectations are realised, Major Zanni, the Argentine flier, should have arrived in Hongkong by the time this edition is in the hands of our readers. He is due here at about three o'clock this afternoon.

Shortly after noon to-day, the Asiatic Petroleum Company received a cable from Hanoi stating that Major Zanni had left and that he was due to reach Hongkong at 3 p.m. The wire did not state at what hour the aviator left Hanoi.

There was considerable disappointment over the week-end at the non-arrival of Zanni. Yesterday morning, a cable was received saying that he expected to reach Hongkong at about 1 p.m. As a consequence, several motor-boats and launches went out in the hope of greeting the aviator on arrival, whilst police launches patrolled the stretch of water at the back of Stonecutters, where a buoy had been laid for Zanni's seaplane. After a lengthy wait, a motor-boat came across from Hongkong with a cable stating that the flight had been delayed, as just before starting a defect had been discovered in the tank of the seaplane. The message added that Zanni would leave for Hongkong to-day.

Later, Zanni arrived in Hongkong at 3.15 p.m. to-day. He was observed from the *Telegraph* office flying rather low circling over the business part of the city; and the whirr of his engine was distinctly heard in the streets, causing much excitement amongst the Chinese.

misrepresented and conveyed an erroneous idea of our methods, hence our application for the appointment of a body of medical men for an independent and unbiased opinion. With regard to your suggestion that if my Directors desire to secure a certificate of the purity of our milk they should send samples to the Government Analyst, I should like to point out that the Sanitary Board periodically do obtain samples from our establishments for the purpose. It would appear that the Government is not prepared to assist my Company to satisfy the public as to the purity of our milk supply, in spite of the fact that accusations were made by a responsible Government servant. It is proposed, therefore, with your permission, to publish in the local papers the correspondence exchanged in regard to this matter in order that the good name of my Company may be maintained and to assure the public that we have taken all possible steps to have the matter investigated."

Letter from the Hon. Colonial Secretary, to the Secretary of the Company, dated September 2nd:—"I am directed to acknowledge receipt of your letter of the 25th of August, 1924, and in reply to state that this Government has no objection to the publication of the correspondence relating to the precautions taken by your Company to secure the purity of the milk supply."

Letter from the Secretary of the Company, to the Hon. Colonial Secretary, dated September 4th:—"I beg to acknowledge receipt of your favour dated 2nd inst. No. 3359/1924 and note that the Government has no objection to the publication of the correspondence exchanged with the Government relating to the purity of this Company's milk supply, for which I thank you."
